***Response to Arguments***

Applicant's arguments filed April 11, 2006 have been fully considered and are persuasive.

***Allowable Subject Matter***

Claims 8 and 46-54 are allowed.

The following is an examiner's statement of reasons for allowance: In Chuah, a control message is received indicating the transmission of data without data network header information (col. 9, lines 54-56 and col. 10, lines 10-14; col. 13, lines 41-51). However, Chuah does not disclose the transmitter receiving a message indicating that it should begin transmitting data without data network header information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
